“

**W**hen we founded LEO Buses Rental LLC, we set out with one simple idea: operations should move in a straight line — clear, efficient and dependable, from the first phone call to the last mile of every route. That idea, **Linear Express Operations**, remains the foundation of everything we do today.

Abu Dhabi's businesses move fast, and they need partners who can keep pace without compromising on safety or reliability. Whether we are leasing a single bus for a school run or mobilising a multi-site contract spanning fleet, equipment and manpower, our team treats every engagement with the same discipline and accountability.

Our growth has been built on relationships, not transactions. Many of our clients have stayed with us year after year because they know exactly what to expect: transparent pricing, a responsive team, and equipment and people that show up ready to work.

As we continue to expand our fleet, our workforce and our service lines across the UAE, our commitment to our clients, our employees and our partners remains unchanged. Thank you for trusting LEO Buses Rental LLC with your operations — we look forward to building the road ahead together.

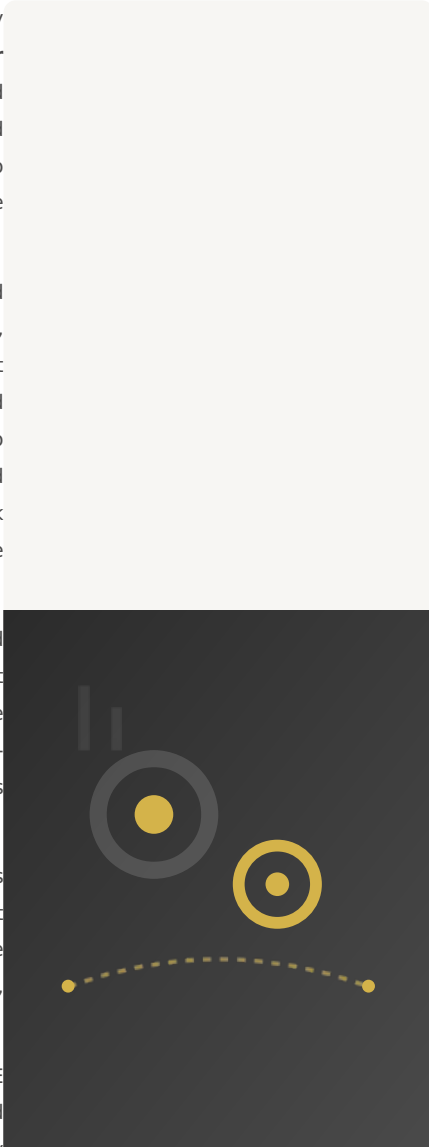

**LEO Buses Rental LLC** is an Abu Dhabi based company operating under the guiding philosophy of **Linear Express Operations** — streamlined, efficient and dependable service delivery across transport, fleet and workforce solutions. Headquartered at Casa Bianco Building in Mussafah 14, we serve a diverse client base across Abu Dhabi and the wider UAE.

Our business is built around seven integrated capabilities: Operations Management, Fleet Management, Passenger Transport & Bus Leasing, Heavy Equipment Rental, Vehicle Rental & Leasing, Manpower Supply and General Trading. This diversified structure allows us to act as a single, dependable partner for clients who need transport, equipment and workforce solutions to work together seamlessly, without having to coordinate between multiple vendors.

We take pride in maintaining a modern, well-serviced fleet, a responsive operations team, and a workforce that is trained, compliant and ready to deploy — whether the requirement is a single vehicle lease or a full-scale, multi-site operational contract spanning several business lines at once.

Every engagement begins with understanding the client's operational rhythm — routes, shift patterns, project timelines and workforce needs — so that the solution we deploy fits seamlessly into how our clients already work, rather than forcing them to adapt to us.

As the company continues to grow across the UAE market, our focus remains constant: linear, efficient, and reliable operations for every client, every project, every day.

## LEGAL STRUCTURE

Limited Liability Company (LLC), registered in Abu Dhabi,

## HEAD OFFICE

Mussafah 14, Abu Dhabi, United Arab Emirates

### Our Vision

To be the UAE's most trusted partner for integrated fleet, transport and workforce operations — recognised for consistency, safety and precision in every engagement.

### Our Mission

To deliver safe, efficient and cost-effective transport, rental and manpower solutions that keep our clients' operations running without interruption, backed by responsive service and transparent processes.

### Our Commitment

Reliability, safety, transparency and continuous improvement guide every contract, every route and every deployment we undertake across the UAE.

● Reliability & Punctuality

● Safety First Culture

● Operational Transparency

● Regulatory Compliance

● Client-Centric Approach

● Continuous Improvement

## OUR PROCESS

### How We Work

1

#### Understand Requirement

We assess routes, schedules, equipment specs or manpower needs directly with the client.

2

#### Tailored Proposal

A clear, transparent quotation is prepared with defined scope, timelines and SLAs.

3

#### Mobilisation

Vehicles, equipment or workforce are deployed and onboarded to the client's site or route.

4

#### Ongoing Support

Our operations team monitors performance and remains on call for adjustments anytime.

“Linear Express Operations means every route, every rental and every deployment follows a clear, dependable path from request to completion — no surprises, no delays.

— LEO Buses Rental LLC, Operations Team

01

**Operations Management**

End-to-end planning, coordination and monitoring of daily operations, keeping every project on schedule and within budget. Covers scheduling, dispatch, resource allocation and compliance tracking.

02

**Fleet Management**

Full lifecycle management of vehicle fleets — preventive maintenance scheduling, tracking, compliance documentation and driver coordination to maximise uptime.

03

**Passenger Transport & Bus Leasing**

Safe, comfortable bus leasing for staff transport, school routes, events and long-term contracts, with flexible fleet sizes to match demand.

04

**Heavy Equipment Rental**

A dependable range of heavy machinery and construction equipment for short and long-term rental, with optional operator support for industrial sites.

05

**Vehicle Rental & Leasing**

Light and commercial vehicle rental and leasing — cars, vans and pickups — for corporate, project and personal use across the UAE.

06

**Manpower Supply**

Skilled and semi-skilled workforce supply across sectors — drivers, operators and site support staff — fully compliant with UAE labour regulations.

07

**General Trading**

A trusted general trading arm supplying quality goods, spare parts and equipment to businesses across Abu Dhabi and the UAE.

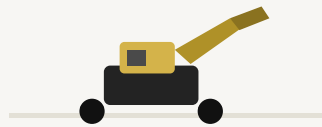

A visual snapshot of the assets and people behind our seven business lines — from passenger buses to heavy equipment, skilled manpower and trading operations.

### Passenger Bus Fleet

Modern, regularly serviced buses for staff transport, school routes and event mobilisation.

### Heavy Equipment

Excavators, loaders and support vehicles available for short and long-term project rental.

### Vehicle Rental & Leasing

Cars, vans and pickups available for corporate, project and personal leasing across the UAE.

### Skilled Manpower

Trained drivers, operators and site support staff, compliant with UAE labour regulations.

Our diversified service lines make us a flexible partner across a wide range of sectors throughout Abu Dhabi and the UAE.

### Construction

Equipment rental and manpower for active project sites

### Education

Reliable school and institutional transport routes

### Government & Corporate

Staff transport and fleet contracts for offices and agencies

### Events & Hospitality

Group transport and logistics support for large-scale events

### Facilities Management

Manpower supply for site support and daily facility operations

### Industrial & Trading

Equipment, parts and general goods supply for industrial clients

“From a single classroom bus route to a multi-site industrial contract, our team scales to match the size and complexity of the job.”
